SAVE OUR HOSPITAL AND SKILLED NURSING FACILITIES

Where we live shouldn't determine our right to healthcare! Help our rural, isolated community keep our hospital. Help us keep our SNF residents *at home!*

MAKE THE CALL [\(click here\)](#)

It could be one of the *most important* calls you'll ever make.

Call the administrators and legislators on our list [\(click here\)](#):

1. Say "hello" and let them know where you're from.
2. Tell them why stopping these MediCal cuts to hospital skilled nursing facilities is so important to you. (here's a [link](#) with info to help you get started)
3. Thank them for their time. That's all you need to do!
